

How to Obtain a Pennsylvania Medical Marijuana Card

Getting medical marijuana through Pennsylvania's Medical Marijuana Program involves four basic steps:

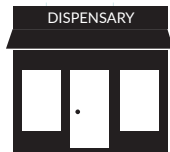

1. Register for the program through the Medical Marijuana Registry on the Department of Health website. (www.health.pa.gov)

2. Have a physician confirm that you experience one of the qualifying conditions. (see reverse side of this card.)

3. Pay for a medical marijuana ID card through the Department of Health website. You should receive your card via the mail within about a week.

4. Get medical marijuana from an approved dispensary in Pennsylvania.
