

INTRODUCING NEW 1ML ALL-IN-ONES FROM

 prime

INHALE. EXHALE. RECHARGE.

Looking for a new way to dose your favorite *prime* strains? Our 1ML All-In-One disposable vapes might be just the refresher you need.

They were designed with on-the-go medication preferences in mind, featuring the following specs:

- pre-filled with a larger, full-gram dose of *prime* live resin that was crafted from flash frozen flower for rich terpene content and harvest-fresh flavors
- powered by 350mAh iKrusher NORD tech
- packaged in sleek, slim-fit hardware that makes for convenient, discreet carrying
- equipped with fully re-chargeable battery (via mini USB) to ensure patients can make the most of their medicine
